ANALYSIS OF DEMOGRAPHICS

Kentucky River ADD

Eight (8) counties are in the Kentucky River Area Development District. They are (with 2000 Census population totals): Breathitt (16,100), Knott (17,649), Lee (7,916), Leslie (12,401), Letcher (25,277), Owsley (4,858), Perry (29,390), and Wolfe (7,065). The total population for KRADD is 120,656 which is 2.98% of Kentucky's total population. About 45% of the ADD population is in Letcher and Perry Counties.

Age

There are 14,517 individuals in the Kentucky River ADD who are over the age of 65. The elderly population is the highest in Perry (3,288) and Letcher (3,183) Counties. However, 15% of the population in Owsley County is over 65.

Minority Populations

The Kentucky River ADD has 1,134 Blacks, 659 Hispanics, and 450 Other Racial Minorities (American Indian and Alaska Native, Asian, and Native Hawaiian and Other Pacific Islander). The Hispanic and Other Racial Minorities population is very low. The percentage in each county is below 1%. The percentage of Blacks in the KRADD Region is .94%. Lee and Perry County have the highest percentage of Blacks with 3.79% and 1.64% respectively.

Education

Approximately 16% of the KRADD population has an educational attainment less than the 9th grade. The highest county percentage is in Owsley County (22.58%).

Low-Income

Median Family Income for Kentucky River ADD is \$23,594; Kentucky's is \$40,939. Out of the eight counties in the ADD, Perry has the highest; \$26,718, ranked 98 state-wide. Owsley County (\$18,034) is ranked 120 state-wide; the lowest median family income in the state. The number of Individuals Living in Poverty in the ADD is 24,894 (27.29%). Owsley County has the highest percentage of 40.65%.

Disabilities

The number of Persons with Disabilities over the age of 16 in the ADD is 36,851; 38.73% of the total population. Although the highest number of persons with a disability is in Perry County (8,371); Leslie (42.68%) has the highest county percentage.

The Kentucky River Area Development District (KRADD) will conduct a public involvement process that will allow diverse interest groups to participate in the identification, evaluation, and recommendation of prioritized transportation needs. This process will involve transportation committee meetings, as well as public meetings with specific interest groups to discuss transportation issues, as deemed appropriate by KRADD and/or the Kentucky Transportation Cabinet (KYTC). KRADD will make every effort to include the transportation disadvantaged and under-served populations, including representatives from minority and low-income populations as well as all other effected populations in the region, on committees or in public meetings held for the purpose of soliciting input for transportation plans, issues and/or projects.

The KRADD Transportation Planner will document the public involvement process, including all efforts to reach, educate, and involve the public in the transportation planning process, including but not limited to letters, web sites, newspapers, flyer, meeting notices, mall/public area displays, etc.

PUBLIC OUTREACH METHODS

General Outreach Methods

- KRADD Staff
- KRADD Committee and Board Meetings
- KRADD Website
- Local newspapers
- Post flyers in Court Houses, City Halls, and Libraries.

Targeted Outreach Methods

The list of contacts on the following pages may be utilized to reach targeted populations. Some examples include:

Low-Income: Utilize Grocery Stores that accept foods stamps to target the low-income population. Based on the data in the chart below, approximately 33% of KRADD population is a recipient of food stamps.

Food Stamp Program

	Total Food Stamp Recipients (June 2009)	Percentage Food Stamp Recipients	Population (US Census Estimates for June 2009)

Posting flyers in Health Departments and Clinics, where most low-income persons seek medical care, also targets that population. To reach the low-income population an informational booth may be set up at local fairs and festivals to provide flyers and talk with the public.

Disabilities: Post flyers in post offices and medical facilities. Persons who have a disability frequently seek medical attention or have check-ups.

Elderly: Make use of the county Senior Citizen Centers, Medical Facilities, Post Offices, and Grocery Stores.

Low-literacy: Reach the low-literacy population through radio, television, festivals, and fairs. Schools may also be utilized. We can inform the middle and high school students and request that they discuss the project or plan with their parents.
