KRADD allocates the funds it receives for Homecare services (in-home services) to be allocated for the direct services to clients through a network of provider established through the procurement process. The intent of Homecare Services is to provide services or in-home support and Services, to individuals 60 years of age and over who have functional disabilities and are at risk of long term institutional placement throughout the KRADD/AAAIL region which consists of Breathitt, Knott, Letcher, Leslie, Lee, Wolfe, Owsley and Perry Counties as described in KRS 205 and 910 KAR 1:180. KRADD reserves the right to modify or redesign services offered by successful applicants if national, statewide or local initiatives change during the procurement

period. The implementation of the Older Americans Act Amendments of 2006 and initiatives of the Cabinet for Health and Family Services may dictate the need for modified, additional or elimination of particular services under Homecare Services.

Cluster of services shall include Homemaker and Personal Care services. Each client's care plan will designate the number of approved units of service based on the individual need as a result of the assessment conducted by KRADD.
